HARDING WILL HEAR ANTISUFFRAGISTS

O. P. Nominee Promises Thoughtful Consideration.

WASHINGTON, July 16.—Senator Harding has notified the National Association Opposed to Woman Suffrage that he will "readily give a hearing to those who are opposed to woman suffrage."

The Republican presidential nominee, in a letter written at Marion, Ohio, July 6, to Mrs. Horace Brock, chairman of the Republican section of the association, and made public tonight by the organization, declared he did "not mean to be a candidate who is the partisan of any particular group in our American activities." The senator added that he would give suggestions of the antisuffragists "thoughtful consideration."

In making public the letter, Miss Mary G. Kilbreth, president of the association, in a signed statement charged that representatives of the organization were discriminated against at the Democratic national convention at San Francisco. Senator Glass, chairman of the platform committee, the statement charged "actually compelled not only our delegation, representing such women as the widow of Grover Cleveland and the wife of Cleveland's secretary of the treasury, but Miss Laura Clay, the famous Kentucky state rights suffrage leader, to sit before his committee for nearly two days without being granted a hearing on state rights, although he allowed negroes, Hindus, Filipinos, Koreans, Porto Ricans and everybody else on earth who wanted a hearing to have one."

WOMEN SOLDIERS ON EIGHT-MILE FRONT

American Y. W. C. A. Workers Help Feed Polish Troops.

WARSAW, July 16. (By the Associated Press).—Women soldiers have taken up positions for the defense of Vilna. They have been assigned to an eight-mile front.

All the women are equipped with American boots and are being fed partly by the American Young Women's Christian association. They are under the command of Madame Goerz, who fought with Gen. Plsudski against the Russians and also operated last year with the women during the siege of Lemberg.

Commander Goerz is 28 years old. She contends that women can hold their own alongside the men, even in the front line. Madame Goerz has about 1,000 women under her command. Many of them are strong women, of the factory type, eager for excitement and adventure.

The woman commander is in charge of all her own transport system and rolling kitchens, and all fighting equipment, except artillery.

Additional detachments of women are being formed throughout Poland for defense of the republic. As soon as their numbers justify it, Madame Goerz will be placed in command of Poland's army of women.

MARION, O., July 16.—Perfect confidence that the third party movement will make no serious inroads upon Republican strength was expressed yesterday by Senator Harding.

Taking public notice for the first time of the third party convention at Chicago, the presidential candidate indicated the outcome would in no way affect his campaign plans. He expressed gratification that Senator La Follette had declined to be a candidate of the third party and added that he believed "few Republicans are interested in the third party movement."

Heat Saps Power; Store up Energy

Keep digestion perfect with Dr. Caldwell's Syrup Pepsin and you will have strength to work

SUMMER is the season of vacations, of slowing up in work. And there is a good reason for it. Heat is enervating and work quickly tires. But people must work, and we should all keep ourselves in such fine physical condition that we can do our share even in hot weather.

Of first importance is to see that there is a regular, daily bowel elimination. If you skip a day you are constipated. Constipation, especially in summer, is quickly followed by fatigue, loss of appetite, chills and colds. There is no energy for work.

When you feel constipated and out of sorts, more tired than you know the circumstances warrant, take a spoonful of Dr. Caldwell's Syrup Pepsin. This delightful laxative-herb is a combination of simple laxative herbs with pepsin and can be bought at any drug store.

Syrup Pepsin will quickly relieve your constipation and give you a feeling of lightness and clear headedness.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin.

8 million bottles were bought at drug stores last year, the largest sale in the world.

Mr. Walter of 441 Minnie St., San Francisco, had to quit work because of constipation, colds and a train of other ills. He took Dr. Caldwell's Syrup Pepsin and promptly recovered his health and strength and is now at work again.

You will make no mistake getting yourself a bottle of Syrup Pepsin and taking a little at the first sign of constipation.
